

FERNANDEZ HOSPITAL EDUCATIONAL AND RESEARCH FOUNDATION
INVITES YOU TO AN EXCITING CME ON

Basics and Beyond: A Masterclass in Minimally Invasive Gynaec and Pelvic Surgery

WHY THIS WORKSHOP MATTERS!

Minimally invasive gynaecological surgery is evolving rapidly –demanding precision, judgement, and hands-on mastery. Whether you're a consultant refining advanced skills, young practitioner or an enthusiastic postgraduate student building surgical confidence, nothing replaces the value of watching simple and complex cases being performed by masters live, learning basic anatomy, step-by-step approach to the commonly performed surgeries, practical shortcuts, understanding troubleshooting in real time, and seeing exactly how experts think in the operation theatre.

LEARN FROM THE LEGENDS

Dr V P Paily

MBBS, MD, MRCOG, FRCOG
Senior Consultant and HOD,
Obstetrics and Gynaecology,
Rajagiri Hospital, Kerala.
National President of Society of
Vaginal Surgeons of India

Dr Hafeez Rahman

MBBS, MD, DNB, FCLS
Senior Consultant Gynaecologist and
Laparoscopic Surgeon,
Chairman and HOD
Dept of Obstetrics & Gynaecology,
Sunrise Group of Hospitals, Kerala

This Masterclass bridges the gap between theory and practice, giving you:

- Practical, step-by-step teaching you can apply immediately in your practice.
- Insights on case selection, complication avoidance, and smarter surgical planning.
- Rare access to witness the live, full-length surgeries performed by master surgeons.
- A unique opportunity to level up your endoscopic and pelvic surgery competence in just one day.

LIVE SURGERIES AND CASE HIGHLIGHTS

- Total Laparoscopic Hysterectomy – Basic Steps to Complex Surgeries
- Endometriosis Surgery – Fertility-preserving Clearance
- Difficult Myomectomy – Strategies for Complex Myomas
- Complete Uterovaginal Prolapse – Is Mesh Repair the Answer?
- Old Complete Perineal Tear – Surgical Repair
- Non-descent Vaginal Hysterectomy
- TOT for Stress Urinary Incontinence
- Vault Prolapse – Exploring Varied Approaches
